

Diane Mann CPA

Controller

Diane serves as our Controller and is responsible for the firm's financial statements as well as budgeting, management reporting, and cash management. She also serves on the firm's Operating Committee. Diane brings with her over 20 years of varied accounting experiences, including budgeting & management reporting, financial & systems auditing, inventory costing, treasury, and bookkeeping. Previously, Diane served as the Accountant for RiverFront.

Prior to joining RiverFront in February of 2011, Diane spent the majority of her career at Infineon Technologies, a German semi-conductor manufacturer, where she managed the inventory accounting and provided support to management through budgeting and analysis for numerous projects. She also spent several years as an auditor for PricewaterhouseCoopers in Richmond, assisting a wide variety of clients, and obtained her CPA license during that time.

Diane graduated summa cum laude with a BBA in Accounting Information Systems from James Madison University.

When not working, you just might find Diane, her husband, and two young sons at any one of our nation's beautiful parks. They especially enjoy cross-country camping adventures, which have included trips with their travel trailer to national parks in all corners of the United States: Acadia, Everglades, Mesa Verde, and Olympic to name a few.

COMMUNITY INVOLVEMENT

“I live in a rural area, and my community involvement passion has been to support local education. I have found that there just aren't as many resources available to rural schools, and so I have made donations of both time and money to help support them, particularly when it comes to alternative teaching methods. RiverFront has supported this passion with its employer matching contribution initiative.”
